

Shift Espresso x FlowDesk

How Your WhatsApp Customer System Works

Automated loyalty, messaging & customer management

How Customers Join

1 QR Code Scan

Customer scans QR at counter, table, or window poster.
Opens WhatsApp automatically.

2 Staff Adds Manually

Staff enters customer name & phone number in FlowDesk.
Customer gets welcome message.

What Happens Automatically

Welcome Message

New customer gets a WhatsApp welcome with 10% off first order

Loyalty Enrolment

Automatically added to the stamp card programme (10 stamps = free coffee)

Contact Saved

Name, phone & visit history saved in your CRM - never lose a customer

Daily Operations (Staff Does This)

1

Log Purchase

One tap in FlowDesk when customer buys coffee. Adds stamp to their card.
Customer gets WhatsApp: 'You have X/10 stamps!'

2

Reply to Chats

Customer messages come into FlowDesk inbox. Reply from one place.
AI can suggest replies to speed things up.

3

10th Stamp!

System automatically sends FREE coffee notification.
Staff redeems at counter. Stamp card resets to 0.

Marketing Superpowers

- Send campaigns to all customers (e.g. 'Friday Happy Hour BOGO!')
- Schedule recurring messages (Monday morning specials, weekend brunch reminders)
- Run automated flows (welcome series, win-back inactive customers after 14 days)
- Track everything: delivery rates, read rates, opt-outs

Everything runs through WhatsApp - the app your customers already use.

No app downloads. No loyalty cards to lose. Just scan, sip, and earn.
